REFRESH POSTER SERIES

Our **REFRESH POSTER** is a highly versatile product that can be used for many applications. Use it in your lobby, retail store, conference center or your stage. Use a single poster or combine multiple for a creative look.

Our REFRESH POSTER is made entirely of die-cast aluminum alloy material. It's slim **45mm thickness** creates a big look with minimal space needed. Use it's built-in kick stand, or base plate for a vertical look. Our poster can also be hung in the air or mounted to the wall for creative solutions.

Controlling and sending content is as simple as using your smart phone. Built in wifi units enable the end-user to remotely communicate with our Refresh Poster.

Base Stand Use for Vertical Presentation

Built-in kick stand for quick set-up

Use together or separate

Easy storage and portability
